Boeing 737-700 (737) Domestic Layout 1 - SeatGuru

In March of 2012 Southwest began reconfiguring their 737-700 fleet to increase their seating capacity from 137 seats to 143 seats. These newly reconfigured aircraft will also feature the new Evolve Interior with slimline seats. Their Evolve Interior is an eco-friendly design that is part of Southwest's commitment to be a "green" airline. Southwest has retained the "Innovator II" seat frames and added fixed wing head rests, along with a newer and thinner foam fill.

The Boeing 737 Next Generation, abbreviated as 737 Next Gen or 737NG, is the name given to the main models -600/700/800/900 series and the extended range -700ER/900ER variants of the Boeing 737. By the early 1990s, it had become clear that the new Airbus A320 family was a serious threat to Boeing's market share, as Airbus won previously loyal 737 customers such as Lufthansa and United Airlines.

Boeing 737 - Wikipedia

The Ultimate 700 is a piece of art, well designed, with all excellence of the Zibo and the Audiobird. Cant thank enough for the work done, donation is a must Using the model in our hybrid cockpit in VR only is a pure pleasure. Behaviour and systems are regularly flown by a real 737 certified pilot, who confirms the reality grade achieved.
