Exploring the Mysteries of the Ancient Religion of the Sun In the cycles of the sun and stars, in the movements of the earth and the cosmos, the message of a journey to enlightenment is written. Many thousands of years ago, ancient seers understood this--revering the sun as the highest symbol of divine consciousness, and its light the spiritual source of creation. Its major stages at the solstices and equinoxes became the dominant alignment of sacred sites all over the world, as well as central events in the lives of many spiritual figures. Today, these ancient remains can still be decoded to reveal their message of spiritual enlightenment. The roots of this knowledge trace to a distant time before a global cataclysm destroyed a prior civilization. After this disaster, mysterious wisdom-bringers are recorded as traveling the world on a divine mission to establish this cosmic knowledge anew and initiate the spiritual beginnings of our current human age. They

oversaw the building of some of the most enigmatic sacred sites on the planet, and gave rise to a civilization of the religion of the sun that extended across much of the earth. However, over time, strife and persecution took its toll, and after a while it was lost--left in scattered fragments that echo a bygone era of great spiritual knowledge. The Path of the Spiritual Sun aims to restore this lost knowledge--exploring the sites, symbols, and sacred texts connected to the ancient spirituality of the sun--and provide celebrations and ceremonies to re-enliven its transformative practice once more. About the author Belsebuub is the author of a number of books on spirituality, out-of-body experiences, dreams, self-discovery, and esoteric knowledge. He has appeared on radio and television programs internationally, and writes from decades of spiritual and mystical experience, while his wife Lara Atwood contributes with the research into history, cosmology, ancient sites, and sacred texts.

A clear and easy-to-understand look at some of the most profound questions we face, such as what happens when we die, is it possible to have the divine within, what are the causes of suffering, and how can spiritual realities be personally explored-with a powerful message about the potential each of us has to discover the purpose of existence.

This completely reworked second edition of Modern Esoteric includes new information, over a dozen additional images, and up-to-date revisions. Winner of the Best Book Design 2014, Modern Esoteric examines the flaws in modern history and looks at how conspiracy theories, esoteric knowledge, and fringe subjects can be used to help change the dead-end course humanity seems to be following. The Lifeology section explores the long and storied "alternative narrative" of life on this planet. In the Control section, author Brad Olsen examines how Big Brother is here in the form of the New World Order, and how they keep the knowledge of humankind's true nature

from the mass population. Finally, the Thrive section looks at all the ways humans are evolving to achieve their full potential.

Some see dreams as communications with another reality and others see them as insignificant random phenomena. Dreams range from the mundane of day-to-day events to the extraordinary, including visions, lucid dreaming, out of body experiences, interactions with the deceased, precognition, sleep paralysis and vivid hallucinations during transitions between sleep and wakefulness. Drawing on individuals' reports, this book explores the phenomena and the significance of extraordinary dreams.

Shares new documents to expose the sinister alien influence in world governments, financial systems, and scientific institutions throughout history • Shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens authority to abduct humans for "research" • Reveals how Reptilian-influenced ex-Nazis infiltrated the U.S. government • Explains how the Reptilians have created alien-human hybrids under their control to replace the human population Long ago, the Galactic Federation sent the Atlans, a fierce group of humans from the Pleiades, to Earth to confront the newest colony of the combative ever-spreading alien race known as the Reptilians. The ensuing battle sank the continent of Lemuria and drove the Reptilians underground beneath the Indian subcontinent as well as to Antarctica. Able to shapeshift to appear human, the Reptilians then infiltrated the Atlantean civilization, abducting humans and creating Reptilian hybrids. As Len Kasten shows, this technique of infiltration and hybridization prior to an all-out attack has been the hallmark of Reptilian conquest throughout the galaxy. Chronicling the history of the Reptilian Empire's influence on Earth and their conquest of 21 star systems, Kasten reveals how the human race is enmeshed in a skillfully concealed plot to enslave humanity and exploit our planet's physical and biological resources. Revealing Hitler's pact with extraterrestrials and the Reptilian influence on the Nazi state, he shares

new documents that disclose the rescue and rehabilitation of Nazi war criminals to assist in the Cold War, which then corrupted many U.S. government institutions. Focusing on crucial events in the decade after World War II, he examines the Reptilians' human allies, the Illuminati, who control the levers of financial, technological, and military power throughout the world through various secret societies. He shows how Eisenhower's treaty with the Greys, signed at Holloman Air Force Base in 1954, gave the aliens permission to take humans up to their spaceships, ostensibly for genetic study--in return for alien technology--and how these abductions led to the creation of a hybrid race under Reptilian mind control. He also explains how Kennedy was assassinated by the CIA because of his plans to rout out this Nazi – Reptilian presence. Contrasting the Reptilians with the benevolent Ebens, the aliens from Zeta Reticuli who crashed at Roswell, Kasten exposes the stealthy tactics of the Reptilians, their relationship with the Greys, and their advanced genetic bio-technology and teleportation abilities--as well as what we need to do to defeat their plans.
