Some see the internet as a Wild West where those who venture online must be thick-skinned enough to ensure verbal attacks in the name of free speech protection. Danielle Keats Citron rejects this view. Cyber-harassment is a matter of civil rights law, and legal precedents as well as social norms of decency and civility

Modern Library concerns that the digital age has created Approaching the topic from a social science perspective, the book explores methods for determining the causes of computer crime victimization by examining an individual ' s lifestyle patterns. It also publishes the findings of a study conducted on college students about online victimization. Advances in information and communications technologies have created a range of new crime problems that did not exist two decades ago. Opportunities for various criminal activities to pervade the Internet have led to the growth and development of cyber criminology as a distinct discipline within the criminology framework. This volume explores all aspects of this nascent field and provides a window on the future of Internet

crimes and theories behind their origins. K. Jaishankar was the General Chair of the First International Conference of the South Asian Society of Criminology and Victimology (SASCV), held January 15-17, 2011 at the Hotel Jaipur Greens in Jaipur, Rajasthan, India.

Originating in India, the Gypsies arrived in Europe around the 14th century, spreading not only across the entirety of the continent but also immigrating to the Americas. The first Gypsy migration included farmworkers, blacksmiths, and mercenary soldiers, as well as musicians, fortune-tellers, and entertainers. At first, they were generally welcome as an interesting diversion to the dull routine of that period. Soon, however, they attracted

the antagonism of the governing powers, as they have continually done throughout the following centuries. The second edition of the Historical Dictionary of the Gypsies (Romanies) seeks to end such prejudice by clarifying the facts about this nomadic people. Through a list of acronyms, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on significant persons, places, events, institutions, and aspects of culture, society, economy, and politics, the history of the Gypsies and their culture is told.

This short introduction to the United Nations analyzes the organization as it is today, and how it can be transformed to respond to its critics. Combining essential information

about its history and workings with practical proposals of how it can be strengthened, Trent and Schnurr examine what needs to be done, and also how we can actually move toward the required reforms. This book is written for a new generation of change-makers — a generation seeking better institutions that reflect the realities of the 21st century and that can act collectively in the interest of all.

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with

Work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet

Southern California is one of two significant places in Laurence Goldstein's fourth collection of poems. A native of Los Angeles, the author re-encounters the vivid ghosts of an exotic personal landscape: Criswell the TV prophet, Madame Nhu at the Beverly Wilshire Hotel, Mickey Cohen in a downtown deli, Bob Hope in a photo shoot with the poet's family. From the Pacific boardwalk to Death Valley, these poems enliven their borderlands with pungent language and dramatic incident. Goldstein then takes the reader to Ethiopia, the setting of a long dramatic monologue narrated by a young American woman seeking the reincarnation of the medieval Christian potentate Prester John, for

help in the apocalyptic wars of the twenty-first century. His most ambitious book to date, the subjects in this collection range from the aging pear tree and the domestic living room, to Nordic witches and Nazi demons. Some poems are in fixed forms including the villanelle "Rock Star," the sonnet translation from Verlaine, "Langueur," and the rhymed quatrains of a narrative poem adapted from a short story by Arthur Miller. Other poems employ organic style to explore the poet's situation, or predicament, in the culture he has outlived and the culture he has inherited.

A timely and authoritative assessment of the crisis in global cooperation and prospects for its reform and transformation.

In the book, Jill Steans illustrates how gender is central to nationalisms and political identity, the state, citizenship and conceptions of political community, security, and global political economy and development. Drawing on feminist scholarship from across the social sciences, she demonstrates the uses of feminism as critique. She also introduces readers to contemporary theoretical debates in international relations using concrete concerns and easily understandable issues to ground the discussion.
