~~Financial Accounting – The best source for understanding why and when financially sound decisions are made in business today. Improvements made to the second Canadian edition have been focused on satisfying the differing needs and abilities of students. This edition has been enhanced with new pedagogical features designed to help students approach the material from different perspectives. This new edition also boasts enhanced coverage of the International Financial Reporting Standards (IFRS) and the Accounting Standards for Private Enterprise (ASPE), clearly distinguishing between these two approaches throughout the text.~~
