The second "I've met him in the UK" indicates that the speaker is somehow relating this event to the present, but without more context we can't tell specifically how. The "have met" form might indicate a more recent meeting, it certainly implies that he is still alive ("I met him" does not suggest that he is or isn't alive), it might suggest ...

I met a gem this morning. Trading Story. I buy wings. I dunno why. I just like them. I think they're pretty. And it says so in my journal. I wasn't actively saying in chat I was looking for them or anything but a girl, Monika, came up to me and read my journal and said she had some wings for sale so I said I'd take a look. I had most of what she ...

I met some latter-day Nation Makers Saturday morning at the Independence Day celebration on the State House lawn — people who see what's wrong and don't sit back and wait for others to fix it. They don't see themselves in Pyle's painting, of course. Hearing the comparison would move them to self-conscious, embarrassed laughter.
